

**WHAT MAKES ME LOOK SO YOUNG?**

I did it in less than a week's time, with Kijia, an Egyptian beauty secret. Egypt the land of mystery and magic has perhaps the most trying climate in the world on the skin and complexion—continuous scorching sun for months with dry parching winds from the desert—yet her women have always been famous for the beauty of their complexions.

You can try Kijia on an absolute guarantee, that if it does not produce sufficiently successful results in three days to prove to you that its continued use for a short time will marvellously enhance the beauty of your complexion and make you look years younger the manufacturers will refund your money. Kijia (pronounced Ka-sha) a remarkable beauty secret of old Egypt, is for sale in Washington by all department stores and drug stores.

**Embarrassing Hairs Can be Quickly Removed**

(Beauty Culture)

Hairs can be easily banished from the under-arms, neck and face by this quick, painless method: Mix into a stiff paste some powdered delatone and water, spread on hairy surface and in 2 or 3 minutes rub off, wash the skin and it will be free from hair or blemish. Excepting in very stubborn growths, one application is sufficient. To avoid disappointment, buy the delatone in an original package and mix fresh.

**Kalorama Citizens to Meet.**

The regular monthly meeting of the Kalorama Citizens Association will be held at the Highlands apartment, 1214 Connecticut avenue northwest, at 8 o'clock tonight.

**Children's Thrift Coupon**

It's Worth Fifty Cents

The Liberty National Bank has arranged to help every Washingtonian, especially boys and girls, start a bank account.

Besides being credited with a \$1 account, each depositor will be furnished a Liberty Bell Bank. A picture of the bank is inset in this coupon.

Sign your name and address here and bring this coupon with you.

**BACON'S HEART TESTS REVEAL ACTION RIGHT**

Four Examinations by Expert Fail to Disclose Irregularities in Monkey Gland Patient.

By GENE FOWLER.

(Copyright, 1921.)

NEW YORK, Oct. 18.—Dr. Thomas W. Edgar, who operated on Irving R. Bacon for the transplanting of a monkey gland two weeks ago yesterday, is awaiting the outcome of various heart tests.

Dr. Edgar announced last night that he made four separate examinations of the patient's heart yesterday and could detect no irregularities.

Before the operation irregularities were found to be present in Bacon's pulsations. For the purpose of determining definitely the condition of Bacon's heart now Dr. Edgar determined to have a cardiograph taken. The result of this has not been announced.

Bacon yesterday said that he continued to feel better and that his appetite had suffered no relapse.

He eats heartily three times a day and often in the afternoon drinks a glass or two of milk. He is permitted to eat anything that he desires.

Bacon's surgeons have advised him to continue his rest in the country until further physical and mental

**Bacon Has First Continuous Rest In Many Years**

Copyright, 1921.

NEW YORK, Oct. 18.—Eight hours of uninterrupted sleep!

Not in many years had I enjoyed so wonderful a rest. This exceeded by one hour my best previous record for unbroken slumber since my operation for the transplanting of a monkey gland two weeks ago yesterday.

The feeling of depression, of which I wrote as existing in my condition Sunday, had vanished. It had been occasioned by over-strenuous walks.

I want to make it clear that in

my improvement physically I am not losing sight of the possible psychic forces which may manifest themselves in this case.

As the soul is in the body only as a sort of probationer, its real business is not with temporal affairs at all. These affairs are merely brought to the attention of the soul—which I have defined in previous articles as identical with that which we recognize within ourselves as our will—to afford it opportunities of self-purification.

**Few Albany Home Owners.**

A preliminary report made public today by the Census Bureau showed 28,097 homes in Albany, N. Y., in January, 1920, of which 28.2 per cent were owned by the occupants and 70 per cent were rented. Of the homes owned 55.1 per cent were free from encumbrance and 42 per cent were mortgaged.

**TWO EXPLORERS THOUGHT DEAD IN FROZEN NORTH**

DAWSON, Y. T., Oct. 18.—Frank Keeley, formerly of Brooklyn, N. Y., and A. W. Burton, a guide from the Pelly country, are believed to have perished exploring the wilderness between Fort Norman and Ross River posts.

Trappers returning today from the region said no word had been heard from the pair since spring, when, against the advice of friends, they left Fort Norman on their hazardous journey. The Gravel River, which was filled with ice, was about to break up at the time they departed.

Keeley, a former newspaper writer, had considerable experience in the Canadian Rockies. He explored the Mackenzie Valley. Warburton was thoroughly acquainted with the region.

**GIRL MASQUERADERS HELD FOR ROBBERY TAXI DRIVER**

PHILADELPHIA, Oct. 18.—Two girls, masquerading in men's clothing, led to the arrest of two men and another girl as bandits who held up and robbed John J. McCaffrey, a taxicab driver.

They gave their names as Minnie Schweitzer, eighteen, and Mrs. Marie Havel, twenty. They said at first they lived on East Thompson street, but didn't want to be taken there for fear their mothers would learn of the masquerade. The detectives insisted, and at the Thompson street house found Dorothy Allen, fifteen; Frank Havel, twenty, and Louis Souville, twenty. They also found McCaffrey's watch, overcoat and two revolvers and a blackjack, the police say.

**The Borden Company**

BORDEN BUILDING NEW YORK CITY

For those who prefer the natural flavor, our Eagle Brand Malted Milk, can be purchased either in glass jars or the handy fibre container. This is the brand which contains a higher percentage of protein than any other Malted Milk. It has been the favorite of discriminating people for years.
